Dear Sir,

This is to respectfully request your Department to publicly clear my name, declare that my files are closed and that your department has no further security concerns about me. If that is not the case please be so kind as to charge me with an offence so that I may deal with this issue in a court of law.

It is worth remembering that there have been numerous government statements made in the Parliament and to the media which clearly indicate that I was not and I had never been a terrorist suspect. Indeed the most important and strongest statement in that regard was made by the Hon. Peter Mackay, Minister of Justice and Attorney General of Canada in 2001.

Please review the following youtube video at the min.3:20 where Mr. Mackay is stating:

1. Mohamed Attiah i.e. myself was wrongly accused.
2. Mohamed Attiah i.e. myself suffered irreparable damages as a result of the above.

I am looking forward to your prompt and favorable response to my request. My continuing status as the subject of a file that has never been closed is causing me serious ongoing harm.

Respectfully,

Mohamed Attiah
